Not only is it a beautiful photo - it was also picked up by Channel 7 and featured on their website and in their social media posts!

Education and Training

Congratulations to the University of Colorado Family Medicine Residency. The team there just wrapped up a successful match process. Here is a happy quote from Residency Program Director Linda Montgomery:

"I'm super happy to report that all three tracks -- RTT, UH, and DH -- matched fully this morning. Many, many thanks from our leadership team to so many of you who chipped in so exuberantly to make the most out of this strange, new virtual recruitment season."
